

# Fellows /USA

A graduate school program for returned Peace Corps Volunteers.

## **A Proud Partner in Peace Corps Fellows/USA**

We are proud to participate in the Peace Corps Fellows/USA program. Established in 1985, Peace Corps/Fellows USA is a partnership between the Peace Corps and selected graduate schools across the country.

Volunteers who satisfactorily completed Peace Corps service have lifetime eligibility for Fellows/USA.

## **Financial Aid for RPCVs**

Fellows/USA is reserved exclusively for RPCVs. If accepted into our school's Fellows/USA program, you are guaranteed financial support as you work toward your graduate degree.

## **Community Service Internships**

As part of the Fellows/USA program, all Fellows participate in supervised, professional internships in underserved American communities. These internships give you the opportunity to continue to live out your ethic of service while also developing significant professional skills and contacts to further your career.

## **Fellows/USA at Rutgers-Camden's Community Leadership Center**

Rutgers-Camden CLC partners with Peace Corps Fellows/USA to offer degrees in Master in Public Administration (MPA). <http://dppa.camden.rutgers.edu/mindex.htm>

To learn more about our programs, please contact our Fellows/USA coordinator:

Wanda Garcia  
Community Leadership Center  
501 Cooper Street  
Camden NJ 08102  
(856) 225-6348
