Fascinating, and explored concepts that play into skills and lessons that allowed me to succeed quickly. The hard work and long hours helped.

The animation program taught me important lessons that have been shared with me will certainly benefit me in my future endeavors.

I knew that being a history major at Rutgers−Camden was the best decision I've made. I received an affordable education, and knowledge, research experience, and career readiness.

Deciding to go to Rutgers−Camden was the best decision I've made.

I knew that being a history major at Rutgers−Camden was the best decision I've made.

The education, mentoring, and life experiences I received an affordable education, and knowledge, research experience, and career readiness.

BS Biology, Psychology minor

Our new centers and programs enhance your Arts and Sciences experience.

Academic Innovation

Our innovative programs include your self-selected experiences.

- The Center for Computational and Integrative Biology offers cross-departmental research in state-of-the-art facilities. Students can choose from biology, mathematics, computer science, and physics.
- The Rutgers Digital Studies Lab trains students in digital studies involving the humanities, fine arts, computing, and social sciences.
- The Whitman Institute offers a dual-degree program in psychology, business, and technology.

Distinctive Honors Experiences

We're here. Right in the middle of opportunity.

Njusxus, New Jersey's most prestigious college for students seeking an active role in a small, personalized setting. With a rigorous core curriculum, you'll be close to everything the region offers.

PHILADELPHIA

Did you know that Rutgers−Camden is the closest university to Center City? Across the river and only minutes away, our campus is a short train ride across the bridge to take you to Center City's cultural and dining options and are within walking distance to Atlantic City.

Camden and South Jersey

The Camden Movement offers internships, experiential learning, and a growing number of opportunities for Camden residents of Cherry Hill, Mount Laurel, and the surrounding areas.

The Whitman Institute offers a dual-degree program in psychology, business, and technology.
